Additional Information Concerning Plastifoil® Rolls:

Winding and Packing: Counter rolls are wound on 1 1/4" inside diameter cores. All foils are packed solid colors per carton. Rolls are packed one roll width per carton. Mixed lengths, colors, or patterns may be assorted within a carton at an up charge of \$0.40 per roll. The item code for assorting Plastifoil® within a carton is "PLM.

custom Colors and Prints: Standard patterns may be ordered in custom colors with a minimum order of 100,000 linear feet of a color combination. A \$100 per color up charge will be added to the above indicated list prices for matching any <u>custom</u> color(s). A \$70 per printing plate set up charge and a \$70 color match charge per color will be added to the above indicated list prices. If it is necessary to trim the material from the standard widths, the customer will be charged for the trim loss.

- Custom patterns are available with a minimum order of 100,000 linear feet of a color combination. A \$100 per color up charge will be added to the above indicated list prices for matching any

- custom color(s). A \$70 per printing plate set up charge and a \$70 color match charge per color will be added to the above indicated list prices.
- HSC will provide artwork for custom patterns at a charge of \$40 per hour plus out of pocket expenses for materials and services used to generate special print patterns plus an up charge of 15%. For estimating purposes, plate costs will be \$1.15 per square inch, with square inches calculated assuming a 15" repeat times the width of the print.
- To expedite and assist color matching, HSC utilizes the Pantone7 Color Formulation System. Customers must provide a full PMS number(s) and appropriate suffix indicating coated(c) or uncoated(u).
- Please allow a minimum of four weeks for shipment after final customer approval of the artwork and full specification of the order. HSC will ship the order quantity plus or minus 10%
- Shipped from Highland, IL and Redlands, CA
